Katrin Anoshka

I have a passion for web development and love to build search engine friendly websites that implement beautiful user interfaces and ensure excellent user experience. I am convinced that commitment and dedication go a long way, and I have a strong belief in the power of learning, grit and hard work.

Education

FreeCodeCamp

2018

● **Front-End Developer**

During the training on FreeCodeCamp has consolidated my knowledge of HTML5, CSS3, Bootstrap, Vanilla Js, JQuery, JSON and API. Actively applied them in educational and follow-up projects. It was interesting for me to solve and discuss the solutions of algorithmic problems with other students.

You can verify my certification:
